

Movie Matters!

I will be teaching a film analysis class as an after school club this year. We will watch entertaining and culturally relevant movies, such as, Remember the Titans, 13 Going on 30, With Honors, The Pursuit of Happyness and other movies that present some type of moral dilemma.

We will learn the techniques of how to view films in a more critical way by looking for themes and motives that seem to reoccur in all cinema. Through review, analysis, and group dialogue, we will come to understand how the theme of each movie reflected the culture of the time and relates to our lives today. This after school program will be a great way for you to connect with other students through critical thinking and discussion. We will definitely be having some fun, as well!

This club is open to Middle School students. Since the movies that we will be viewing will be rated PG or PG-13 and may contain some mature themes, you will need a signed permission slip from a parent or guardian to participate in this club. There is a limit of 15 students for this club.

Please see me if you are interested in joining this club or have any questions.

Mr. Johnson :)
