

# Scientific Experiment Lab Report

## The Effect of \_\_\_\_\_ on \_\_\_\_\_

### Question:

Will \_\_\_\_\_ affect \_\_\_\_\_

### Variables:

The independent variable, which will be changed, is \_\_\_\_\_

The dependent variable, which will be measured, is \_\_\_\_\_

Constant conditions, which will remain the same, are \_\_\_\_\_

### Hypothesis:

If \_\_\_\_\_ then \_\_\_\_\_ because \_\_\_\_\_  
\_\_\_\_\_.

The Effect of \_\_\_\_\_ on \_\_\_\_\_

**Graph**

# Scientific Experiment Lab Report

The Effect of \_\_\_\_\_ on \_\_\_\_\_

## Conclusion

This experiment was conducted to determine \_\_\_\_\_

It was hypothesized that \_\_\_\_\_

To study the problem \_\_\_\_\_

The results of the experiment showed \_\_\_\_\_

Therefore the hypothesis was \_\_\_\_\_

Possible sources of error were \_\_\_\_\_

To further study the problem \_\_\_\_\_
